

Greetings!

Welcome to [Bentley Education](#).

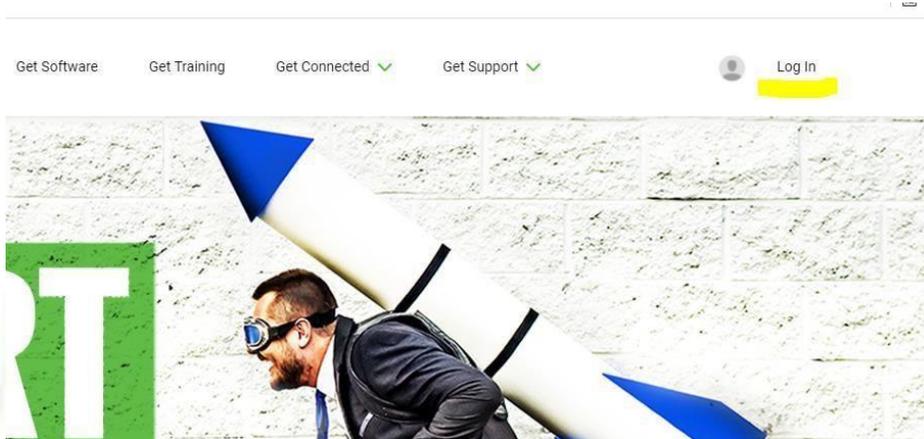

We have launched our new Bentley Education Program for students and educators!
Now, **Students** and **Educators** can access learning licenses of Bentley applications at no cost.

Check this video to learn more about Bentley Education!

Please follow the following instructions to download and install the software.

- 1) Visit [Bentley Education Portal](#) and click on **Login** (appears at the extreme right hand upper corner of the screen)

- 2) If you have already had an account with Bentley, please proceed with login by providing your e-mail and password.
- 3) For first time visitors, click on **Don't have an account? Register now**,

Don't have an account? Register now

- 4) Provide your details on “Create Your Account” page and hit “Create Account”.

The screenshot shows the Bentley 'Create Your Account' form. At the top, the Bentley logo is displayed in green, followed by the text 'Create Your Account'. The form contains several input fields: 'Email Address', 'First Name', 'Last Name', 'Country', 'Password', and 'Repeat Password'. Below the fields, there is a paragraph of text: 'Bentley will use the information you provide to share promotional information about Bentley products, services and events that we think will be of interest to you. For more information please see our [Privacy Policy](#).' Below this text, it says 'Website terms of use apply and govern here.' At the bottom of the form, there are two buttons: a green 'Create Account' button and a smaller 'Cancel' button.

- 5) Once the Account is created, go to [Bentley Education Portal](#) and login with your credentials.

- 6) Update your Profile under the Dashboard section with the required fields. Please note that you need to be [logged in](#) and have an updated profile to access Software downloads.

[My Dashboard](#)[My Profile](#)

7) Click on the Software menu and choose the software you want to download

8) Click on the Get Software menu and choose the software you want to download.

Building Design 4 [Learn More](#)

Software Name	Description	Action
OpenBuildings Station Designer	OpenBuildings Station Designer is a desktop application for station and platform layout using standard catalogs of components and modeling of crowd simulation to optimize station design.	DOWNLOAD
OpenBuildings Designer	OpenBuildings Designer is multidisciplinary Building Information Modeling (BIM) software for building teams including tools for architectural, structural, mechanical, and electrical systems design, construction documentation, and visualization of any type and scale of building.	DOWNLOAD
LEGION Model Builder	Pedestrian Model Builder	DOWNLOAD

9) The page will redirect you to Terms of Service and Privacy policy.

Before accessing the Bentley CONNECT site, please review the following Agreement and indicate your acceptance by clicking the button below. You will only be shown this form upon initial access, and we will store your consent with your user profile.

Bentley Cloud Services Terms of Service
Last Modified: July 9, 2015.

IMPORTANT - READ CAREFULLY: These Terms of Service ("Terms") represent a legal agreement between "you" (either an individual or single organization) and Bentley Systems, Incorporated, including any legal entity controlled by Bentley Systems, Incorporated ("Bentley").

These Terms govern your access to and use of Bentley Cloud Services, and/or Bentley Early Access Cloud Services available via Bentley's Early Access Program ("EAP Cloud Services"), websites and services (collectively the "Services"), so please carefully read them before accessing or using the Services.

YOU AGREE TO BE BOUND BY THESE TERMS BY ACCESSING OR USING THE SERVICES. By accessing or using the Services, you agree that you have read, understand and agree to be bound by these Terms, as amended from time to time, as well as the Bentley Privacy Policy <https://www.bentley.com/en/privacy-policy>, which is hereby incorporated into these Terms. If you are accessing or using the Services on behalf of an organization, you are agreeing to these Terms on behalf of that organization and undertaking that you have the authority to bind that organization to these Terms. YOUR ACCEPTANCE OF ALL OF THESE TERMS IS A CONDITION TO YOUR RIGHT TO ACCESS OR USE THE SERVICES. THESE TERMS REPRESENT THE ENTIRE SET OF TERMS AND CONDITIONS GOVERNING YOUR USE OF THE SERVICES AND SUPERSEDES ALL PRIOR OR CONTEMPORANEOUS ORAL OR WRITTEN COMMUNICATIONS, PROPOSALS AND PRESENTATIONS WITH RESPECT TO THE SERVICES. If these Terms are translated into a language other than English and there is a conflict of terms between the English and the other language,

19. EAP Cloud Services - Consequences of Breach
You acknowledge that, with respect to EAP Cloud Services:

- (a) Irreparable injury and damage to Bentley will result from unauthorized disclosure of the EAP Cloud Services, or Bentley's Confidential and Proprietary Information gleaned by you through use of the EAP Cloud Services, and from uses of the EAP Cloud Services other than as contemplated herein;
- (b) Monetary damages may not be sufficient remedy for unauthorized disclosure of the EAP Cloud Services or Bentley's Confidential and Proprietary Information;
- (c) Bentley shall be entitled, without waiving any additional rights or remedies available to it at law, in equity, or by statute, to such injunctive or equitable relief as may be deemed proper by a court of competent jurisdiction; and
- (d) Your breach of this agreement shall result in immediate termination of this agreement and may be cause for exclusion in other Bentley sponsored EAP programs, among other remedies available to Bentley at law.

I agree to the Bentley Systems Terms of Service and Privacy Policy I accept

10) After accepting the Terms of Service and Privacy policy, you will land successfully on the Software downloads page.

Software Students Educators Support

Welcome

Structural Analysis 9Learn More →

RAM Connection

RAM Connection, a steel connection design application, is fully integrated with RAM Structural System, RAM Elements, STAAD.Pro, and the forthcoming ProStructures. RAM Connection checks or designs connections within seconds.

DOWNLOAD

RAM Elements

RAM Elements provides quick, reliable tools for specific structural tasks. RAM Elements is the only structural engineering software system that offers finite element analysis plus stand-alone or integrated design tools all in one low-cost, easy-to-use package.

DOWNLOAD

STAAD.Pro

STAAD.Pro is the world's leading structural analysis and design software for the analysis and design of general purpose civil, structural, and general purpose structures.
